Career Objective

Aspiring IT graduate with strong skills in Java, JavaScript, SQL, and ServiceNow. Keen to start my career in a QA/Testing role where I can contribute to software quality through basic manual testing, test case execution, and collaborative debugging with developers.

Education

KL University, Bachelor of Technology

CGPA: 8.77

Narayana Junior College, Intermediate

Percentage : 88

Dr. K.K.R's Gowtham School

CGPA : 9.3

Internships

Data Analytics Virtual Internship - AICTE

- Gained exposure to analyzing data and validating results, which involved basic testing and debugging of datasets.

Projects

Online Donation Management System

- Developed using Spring Boot and Microservices.
- Assisted in verifying system outputs and performing basic test scenarios to ensure correct data flow.

Order Devices (ServiceNow)

- Built automated email workflows on ServiceNow.
- Verified workflow triggers and performed simple test checks to validate expected behavior.

Space and Aesthetic Management System

- Created a full-stack app using React.js, Node.js, and MySQL.
- Practiced debugging and fixing code issues during development.

Technologies

Programming: Java (OOP, Exception Handling, File Handling), C, JavaScript, SQL

Basic Testing Skills: Manual Testing, Test Case Execution, Debugging, Basic Backend Validation

Databases: MySQL, MongoDB

Frameworks & Tools: Spring Boot, Node.js, React.js, ServiceNow ITSM

Certifications

AWS Cloud Practitioner

ServiceNow Certified System Administrator

ServiceNow Certified Application Developer

Red Hat Certified Enterprise Application Developer
