Career Objective

Aspiring IT professional with strong expertise in Java, JavaScript, and ServiceNow, coupled with hands-on experience in full-stack development. Eager to contribute to innovative projects and drive business growth by leveraging my technical skills and problem-solving abilities in a challenging role.

Education

KL University, Bachelor of Technology   Aug 2021 – Apr 2025

    CGPA: 8.75

Narayana Junior College, Intermediate   Aug 2019 – Apr 2021

    Percentage : 88

Dr. K.K.R's Gowtham School   June 2018 – Apr 2019

    CGPA : 9.3

Internships

Data Analytics Virtual Internship - AICTE

Completed a virtual internship in Data Analytics, gaining practical experience in data analysis, visualization, and statistical techniques.

Projects

Online Donation Management System   2023

- Designed and developed a donation management system using Spring Boot and Microservices to streamline resource allocation, task tracking, and collaboration, enhancing efficiency and transparency in donation processes.

Order Devices   2024

- Optimized the Order Devices application using ServiceNow by implementing automated email notifications, reducing manual follow-ups from three to one hour daily and improving inter-departmental communication efficiency.

Space and Aesthetic Management System   2022

- Built a full-stack web application for space and aesthetic management with features such as user authentication and product catalog management using React.js and Node.js, improving user engagement and operational efficiency.

Technologies

Programming Languages: Java, C, JavaScript, SQL

Frameworks Libraries: Spring Boot, React.js, Node.js

Databases: MySQL, MongoDB

Certifications

ServiceNow Certified System Administrator, Certified Application Developer

AWS Cloud Practitioner

Red Hat Certified Enterprise Application Developer
