Career Objective

Proactive and detail-oriented engineering graduate with strong skills in Java, JavaScript, SQL, and web development, seeking an SDET-Intern role to contribute to quality engineering through manual and automated testing, leveraging object-oriented programming and cloud exposure.

Technologies

Programming Languages: Java, C, JavaScript, SQL

Frameworks & Libraries: Spring Boot, React.js, Node.js

Databases: MySQL, MongoDB

Cloud: AWS (Cloud Practitioner)

Projects

Online Donation Management System   2023
- Developed and tested a donation management system using Spring Boot and Microservices, focusing on backend logic and user-facing features.
- Designed and executed test cases to validate data flows and business logic.
- Integrated MySQL database and wrote SQL queries for data validation and reporting.
- Collaborated with team members to review requirements and ensure quality deliverables.
- Debugged and resolved issues to maintain application reliability.

Order Devices   2024
- Improved the Order Devices application in ServiceNow by automating notifications and supporting end-to-end testing of new features.
- Participated in manual testing and verification of business workflows.
- Assisted in identifying and resolving defects during release cycles.

Space and Aesthetic Management System   2022
- Built a web application using React.js, Node.js, and MySQL, implementing user authentication and product catalog features.
- Applied JavaScript and SQL for data validation and UI testing.
- Worked with peers to design, develop, and test new modules.

Internships

Data Analytics Virtual Internship - AICTE
- Completed a virtual internship focused on data analysis and validation using real-world datasets.
- Gained exposure to testing data pipelines and reporting.

Certifications

AWS Cloud Practitioner
ServiceNow Certified System Administrator
ServiceNow Certified Application Developer
Red Hat Certified Enterprise Application Developer

Education

KL University, Bachelor of Technology   Aug 2021 – Apr 2025
- CGPA: 8.77

Narayana Junior College, Intermediate   Aug 2019 – Apr 2021
- Percentage: 88

Dr. K.K.R's Gowtham School   June 2018 – Apr 2019
- CGPA: 9.3
